

## POSOL Berthing Regulations

Berths in the Residential Mooring are leased by POSOL to Lessees under a contract valid for 150 years starting in 1988. The Lessee is legally responsible for ensuring that the obligations contained in the sub-underlease and in these Regulations are complied with.

In some cases, a Lessee may come to a private arrangement whereby their berth is licenced (sub-let) to another person. This private arrangement does not absolve the Lessee from their obligations to POSOL. The Licensee is also obliged to conform with the same rules and regulations as the lessee ( See also [www.posol.co.uk](http://www.posol.co.uk) > Menu > Berths > Sale and Licensing of Berths).

All users of berths are required to comply with the Rules and Regulations prescribed by Premier Marinas Limited.

Notes concerning the licensing of berths, where this is permitted by the terms of the sub-underlease.

- A. A Licence is an authority to put a specific Vessel on a specific Berth.
- B. A Licensor (the berth lessee) is the giver of that authority.
- C. A Licensee is the holder of that authority.
